Travers Island, N. Y., September 20.—
The Irish-American Athletic Club won the club championship of the Metropolitan Association at the track and field meet held here to-day, with a score of seventy-three points. The New York Athletic Club was second, with sixty-five points, and several other clubs won scattering points in the various events.

Platt Adams, of the New York Athletic Club, proved the individual star of the day by winning first in the running broad jump, running hop, step and jump, and in throwing the javelin.

In the half-mile, the veteran Mel Sheppard defeated a large field of crack runners, among them Homer Baker, of the New York A. C., national champion. The time, 1 minute 57 seconds, was excellent for the rain-soaked track.

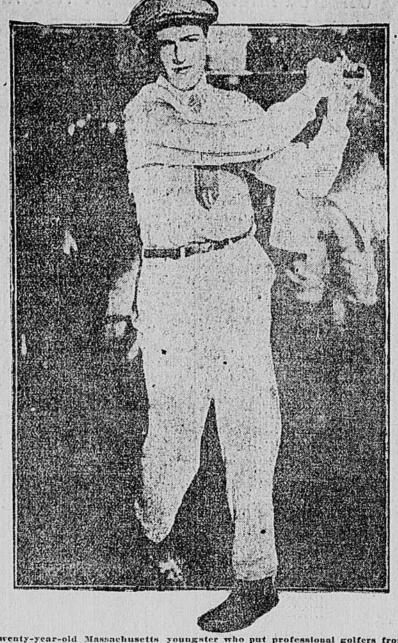

Abel Kiviat, of the Irish-American A. Abel Kiviat, of the Irish-American A. C., retained his title in the mile run.

Each of the leaders got his three on the little sixteenth, and on they went to the seventeenth, where Ouimet saved the day for himself yesterday by getting a wonderful three.

His ball was caught by a trap, and he had to play, out safely without tryfor the hole, and Ouimet, on in two, ran down a twelve-foot putt that gave him the lead of three clear strokes and clinched the championship beyond doubt. The other two strokes came on the home hole, when Vardon, discour-aged and dejected, needed six for the hole, while the Boston boy made it in

The play off began shortly after 10 o'clock in a drizzling rain, a continu-ation of the miserable weather that had made the second day of the championship proper one long to be remem-bered. All three of the contestants made the first hole in five. Though Ouimet and Vardon were close enough on their approaches to have chances to get down long putts, neither of them

but as Ray waited to get the green on his second and Vardon took three putts, the American lost nothing by his mistake. At the sixth came another shift. Vardon pitched his approaches to the green in splendid fashion, and the ball stopped not more than six feet from the cup. After Ouimet had failed to get down a long try, Vardon holed his shot and was a stroke ahead of Ouimet and two strokes in advance of Ray.
A good three on the short seventh enabled Ray to pull up on the others, neither of whom could do better than 4, and he was trailing Vardon on even terms with Ouimet.

Outmet was the only one to reach the green in two, and the two Britishers followed up their poor seconds with the most indifferent sort of short approaches, with the re-sult that neither of them got close enough to get down in four, which Oui-met promptly proceeded to do, and was two strokes shead. In the half hour of play slow progress was made in advancing the ball by each of the picked elevens. This was due to poor line work on the offensive, rather than to a stubborn defense. The work of both teams was, as a matter of course, very ragged, as a matter of course, very ragged, and only one touchdown was scored during the afternoon. On a ten-yard gain around tackle. Tol Speer, from the Episcopal High School, carried the ball across the goal line. Ray and Coleman, of last year's scrub, made the most consistent gains, while Quarterback Randolph got away for the longest run of the day, a sprint of forty yards around the end.

The coaching staff was augmented to-day by the arrival of Oscar Dewolfe Randolph, one of the assistant coaches at the Virginia Military Institute, and a star quarter back at Virginia but a few years back. He was at once assigned to the back field men. Crawford is spending considerable time in an effort to develop a punter of real worth. None of the new men has as yet ex-

The members of the first squad engaged in a long signal practice to-day, and in about two weeks should be in splendid physical condition, barring injury.
